

## WCG, Inc. Custom Bows

*The "Savannah" Named after the town of Savannah, TN. - \$1,600*

*The Carbon Striker Bamboo & Military Grade Carbon Fiber. - \$1,900*

***WCG Traditional Longbow – traditional materials - \$600***

*An ideal choice for those archers with a long draw (over 28"), this is traditional archery equipment at it's best.*

***Notes:***

The reflex/deflex limbs have bamboo cores, military grade carbon fiber backing and clear glass belly laminations which all work together to produce custom made works of pure traditional art and performance. Any custom combination of woods can be made available to the client at their specific request. The reflex/deflex limb designs stores and delivers energy smoothly, camouflaging its performance with a silky smooth draw and incredible accuracy. An ergonomic grip dictates consistent hand placement to help make you a better shot. Beautiful hand-selected dyed woods provide a multicolored exquisite appearance to match the performance. The limbs offer unmatched benefits of a smooth draw...to any length draw and super performance.

Desired weights begin at 45 lbs to 75 lbs. Take-down limbs are available at a \$500 deposit advance. 90% deposit is required for all bows with no exceptions. Expect 12-15 months delivery for all customs. Inventory is limited for 2008.
